# Get Ready For Robots!

## Learn from experts how to build and program robots.

August 22 - 26, 9:00am - 4:30pm  
Lebel Mansion, Pincher Creek

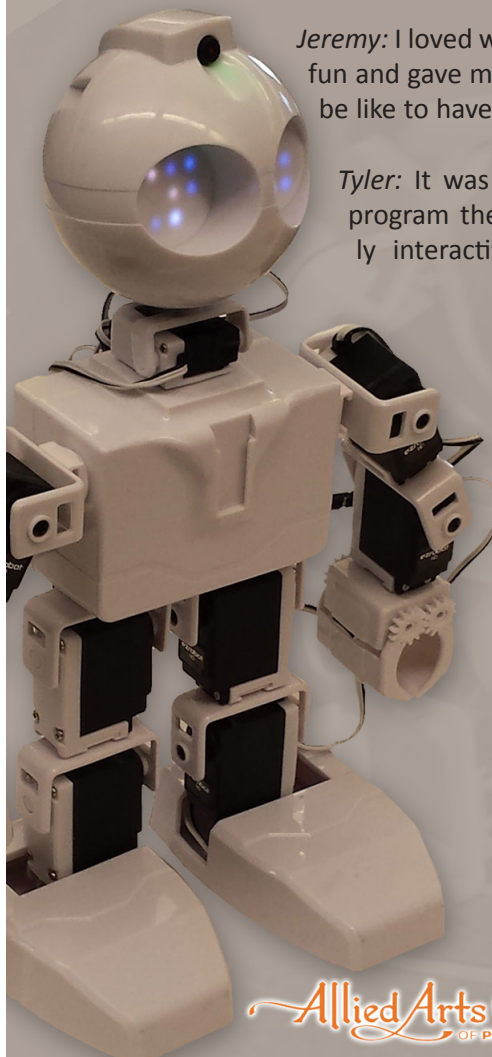

Ages 12 - 17, space limited, lunch not included.  
Cost \$125

### Testimonials

*Noah:* It was great learning about the impact robotics will have on society in the very near future. This course was an excellent way to learn about robotics and the application of new computer technologies in the real world.

*Jeremy:* I loved working with the robots! The course was fun and gave me a chance to experience what it might be like to have a career in technology and innovation.

*Tyler:* It was awesome to discover what we could program the robots to do! The robots were highly interactive and precise in their movements.
